# Corporate Profile

---

## Our Mission

iatricSystems helps hospitals and health systems succeed by delivering solutions that enhance and leverage existing technology.

## What We Do

We bring together healthcare experience, products, services, and partners to deliver solutions that enhance existing investments in healthcare IT.

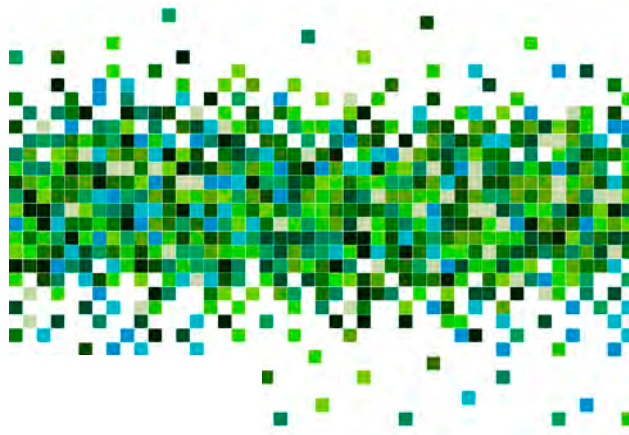

## Who We Are

iatricSystems, an independent business unit of Harris Healthcare, is a team of Information Technology and Healthcare specialists dedicated to improving the delivery of care through technology. Our ranks include IT managers, project managers, software engineers, nurses, lab techs, and other medical professionals. We help healthcare organizations enhance their IT investments. We do so with our diverse healthcare experience, an extensive partner network, and our proven capabilities in privacy & security, EHR optimization, and interoperability. For now 30 years, iatricSystems has delivered solutions to more than 1,300 health care organizations and has integrated more than 800 vendor solutions.

## iatricSystems by the Numbers

Our long history of helping organizations enhance their existing healthcare IT investments includes:

- Supporting more than 1,300 hospitals
- Deploying more than 21,000 interfaces and 1,600 applications
- Integrating more than 800 vendor systems
