

Enhancing Your Healthcare Technology Investments

Corporate Profile

Our Mission

Iatric Systems enables success by delivering healthcare technology solutions that enhance existing investments.

What We Do

We bring together healthcare experience, products, services, and partners to deliver solutions that enhance existing investments in healthcare IT.

Who We Are

We are a team of more than 300 Information Technology and Healthcare specialists dedicated to improving the delivery of care through technology. Our ranks include IT managers, project managers, software engineers, nurses, pharmacists, lab techs, and other medical professionals. Their depth of real-world IT and hospital experience produces advanced, practical solutions that more than 1,300 hospitals use today with confidence.

Iatric Systems by the Numbers

Our long history of helping organizations enhance their existing healthcare IT investments includes:

- Supporting more than 1,300 hospitals
- Deploying more than 21,000 interfaces and 1,600 applications
- Integrating more than 800 vendor systems

Awards and Recognition

- **Fortune Magazine's Inc. 5000** – list of the fastest growing private companies in America, 5 consecutive years
- **KLAS** – Iatric Systems Security Audit Manager™ was named the top-rated healthcare patient privacy monitoring solution in the 2017 Best in KLAS Awards: Software & Services report. Security Audit Manager received the highest overall score, 90.2, in the Patient Privacy Monitoring market segment. Iatric Systems is proud to be recognized as a KLAS Category Leader for the third year in a row because it reflects customers' confidence in the value Security Audit Manager brings to their healthcare organizations.
- **Black Book Research** – Iatric Systems received the top 2017 ranking by Black Book Research for its Interoperability Solutions, EHR Optimization and Client Satisfaction.
Black Book Research rankings reflect end-user feedback, further validating the value Iatric Systems Interoperability and EHR Optimization solutions deliver to providers. Coupled with its unmatched customer service, Iatric Systems continues to help hospitals enhance technology investments across the enterprise.
- **One of the top 100** businesses in the Boston area
