Scriptlink+

IATRIC systems ®

Enhancing Health Care IT

Scriptlink+ is ScriptMate and Scriptlink rolled into one to create our next generation scripting tool.

The next generation scripting tool

Iatric Systems has supported the MEDITECH community with two PC-based scripting tools: Scriptlink and ScriptMate. Our next generation scripting tool, Scriptlink+, includes both these tools and many additional enhancements.

Iatric Systems offers Scriptlink+ Standard Edition to hospitals for FREE. The Standard Edition meets the needs of more than 90% of hospital users in the MEDITECH community. For users with strong programming skills and technical abilities, our Professional Edition remains available at a competitive site license fee.

To get a free license key for Scriptlink+ Standard Edition, visit http://www.iatric.com/Information/ScriptlinkRequest.aspx.

History

In 1991, Scriptlink pioneered simple and efficient scripting to the MEDITECH industry. Scriptlink provided complex automated day end close activities to hospitals prior to MEDITECH's release of day end automation. Even today, many hospitals prefer Scriptlink Day End Close due to its reliability, extra capabilities and renowned support.

Iatric Systems introduced ScriptMate to the MEDITECH industry as a Scripting Library designed to simplify the MEDITECH Script.DLL API Hospitals have been using ScriptMate ever since to create scripts in the application development environment of their choice to increase IT and department efficiencies.

Together, Scriptlink and ScriptMate have been used at more than 120 hospitals and health systems.

Key Advantages Include:

- FREE Standard Edition

- Designed for the MEDITECH environment (MAGIC and Client/Server)

- Developed for use with simple Scriptlink Command language or more complex Microsoft Visual Basic applications

- Includes a user-friendly Script Recorder to help jump-start even the most novice script writers

- Detailed tutorials help novice users quickly become proficient script programmers

- Enhanced Scriptlink Editor includes many new features, such as a Syntax Wizard, a Logic Checker, automatic backup, and so on.
