

Integration is Everything

Iatric Systems EasyConnect Jaguar Interface Engine Achieves ONC HIT 2014 Edition MODULAR EHR Certification from ICSA Labs

BOXFORD, Mass. – Oct 20, 2014 – Iatric Systems, a comprehensive healthcare IT integration company, today announced that its EasyConnect Jaguar interface engine, VERSION 1.4, has achieved ONC HIT 2014 Edition MODULAR EHR certification, which designates that the software is capable of supporting ELIGIBLE HOSPITALS with meeting the Stage 1 and Stage 2 meaningful use measures required to qualify for funding under the American Recovery and Reinvestment Act (ARRA). EasyConnect Jaguar, VERSION 1.4 was certified on September 24, 2014 by [ICSA Labs](#), an Office of the National Coordinator-Authorized Certification Body (ONC-ACB) and is compliant in accordance with applicable criteria adopted by the Secretary of Health and Human Services (HHS).

“We understand the challenges of integrating various systems and distributing patient information while maintaining Meaningful Use attestation status. I’m pleased to share great news with our hundreds of customers that have used EasyConnect Jaguar™ over the years. This easy-to-use interface engine is now certified for Meaningful Use Core Objective 14. It will help hospitals send patient laboratory results to entities that require a certified data feed so they can meet Meaningful Use Stage 2 Objectives,” said Frank Fortner, President of Iatric Systems.

ICSA Labs, an independent division of Verizon, offers vendor-neutral testing and certification. 2014 Edition ONC HIT Certification is granted to those technologies that are capable of meeting the more rigorous testing criteria developed to support providers and hospitals who wish to demonstrate Stage 2 meaningful use, which focuses on the capability of health IT to deliver higher quality patient care and exchange clinical information securely.

EasyConnect Jaguar, VERSION 1.4’s certification number is 140262R00. ONC HIT certification conferred by ICSA Labs does not represent an endorsement of the certified EHR technology by the U.S. Department of Health and Human Services.

EasyConnect Jaguar, VERSION 1.4 meets the following certification criteria: 170.314(d)(1) - Authentication, access control, and authorization, 170.314(d)(5) - Automatic log-off, 170.314(d)(6) - Emergency access, 170.314(f)(4) - Transmission of Reportable Laboratory Tests and Values/Results, 170.314(g)(4) - Quality Management System

The additional types of costs that an ELIGIBLE HOSPITAL, would pay to implement this EHR MODULES’s capabilities in order to attempt to meet meaningful use objectives and measures include: MS SQL Licensing if required, and data storage and initial hardware investment.

About Iatric Systems

Iatric Systems helps healthcare providers achieve success by delivering the most comprehensive healthcare IT integration. Our products and services focus on data integration, systems integration, and process integration. This allows providers to leverage existing IT investments to meet the growing demands of Meaningful Use, Health Information Exchange, HIPAA, and other industry requirements. During the past 23 years, Iatric Systems has delivered solutions to more than 1,000 healthcare organizations. For more information, please contact info@iatric.com or visit www.iatric.com.

About ONC Certification

The ONC Certified Health Information Technology (HIT) program tests and certifies that HIT is capable of meeting the 2014 Edition criteria approved by the Secretary of Health and Human Services (HHS). The certifications include Complete EHRs, which meet all of the 2014 Edition criteria for either eligible provider or hospital technology and EHR Modules, which meet one or more — but not all — of the criteria.

About ICSA Labs

ICSA Labs, an independent division of Verizon, offers third-party testing and certification of security and health IT products, as well as network-connected devices, to measure product compliance, reliability and performance for many of the world's top security vendors. ICSA Labs is an ISO/IEC 17025:2005 accredited and 9001:2008 registered organization. ICSA Labs is NVLAP accredited as a Health IT Test Lab and is also an ONC-Authorized Certification Body (ONC-ACB) accredited by ANSI to ISO/IEC Guide 65.
